

## DESCRIPTION

This concentrated cleaner and degreaser was designed to efficiently clean cars, trucks, and equipment. After removing greases and oils from equipment, it uses special surfactants to release the grease and oil that was just removed, letting go of them when the rinse water enters the oil-water separator. This allows for more efficient use of cleaner water, reduces the need to pump out the grey water tank, and reduces odors.

## CAUTION

May be harmful if swallowed. May cause eye and skin irritation. Avoid contact with eyes, skin and clothing. Do not take internally. Wash thoroughly after handling.

### FIRST AID:

**IF IN EYES:** Flush eyes and under eyelids with plenty of cold water for at least 15 minutes. If irritation persists, obtain medical assistance.

**IF ON SKIN:** Wash with soap and water. Remove contaminated clothing and launder separately before reuse. If irritation persists, obtain medical assistance.

**IF SWALLOWED:** Contact a physician or poison control center immediately. Do NOT induce vomiting. Never give anything to an unconscious person.

**IF INHALED:** Move person to fresh air.

See *M.S.D.S.* for complete safety information.

**KEEP OUT OF REACH OF CHILDREN**

**HANDLING AND STORAGE:** Keep container tightly closed when not in use. Do not mix with other chemicals. Do not store in unmarked containers. Rinse thoroughly with water before recycling container.

## DIRECTIONS

Inject 2-8 ounces per gallon of water into the wash system. Wash trucks and equipment normally allowing the grey rinse water to collect through the oil-water separator. The oil and grease in the grey water will rise to the top of the oil-water separator where it can be skimmed off and removed.
